Helpful Information

Apex Tech Trek

Parents we ask for your support with our fundraiser. Not only is it a great Run for the Heights practice round for our families, but also a way to raise funds for Technology. No one knows better than you how technology advanced our world has become. Everything is related to technology these days, so why not make our classrooms technology advanced? We are hoping that with the proper funds we can increase the number of Smartboards, Ipad, Lightspeed Microphones, Slates, Cameras, etc. we have on campus. We want all of these at your child's fingertips! Thank you for helping support our new fundraiser! PTA , thank you for organizing this event.
